

In the Drawings

The attached drawing sheets include amendments to the Application drawing and replace five drawing sheets of the Application. Amendments have been made to Figs. 1, 2, 6-8 and 12 to make desired reference numeral corrections and additions. More specifically, with regard to reference numerals 40 and 44, corrections have been made in Figs. 2, 6-8 and 12 to correspond to the numerals use in the specification to respectively describe inlet end bearing arrangement (40) and outlet end bearing arrangement (44). The rest of the reference numerals, namely 30 (Fig. 1), 38 (Fig. 7), 42 (Figs. 2 and 8) and 46 (Figs. 6 and 8) have been added to indicate drawing parts corresponding to associated reference numerals in the specification. These amendments bring the drawing in conformance with the specification.

Attachment: Five Replacement Drawing Sheet, including amended figures 1, 2, 6-8 and 12.

REMARKS

This Amendment is filed after the Notice of Allowance and before payment of the Issue Fee in order to correct formal matters with the drawings, as discussed above. The Amendment does not introduce new matter into the application and merely brings the drawings in conformance with the specification.

In view of the amendments presented herein, Applicant believes that the Application as filed still stands in condition for allowance. Applicant will proceed with paying the Issue Fee and attending to formal matters by November 30, 2006. Applicant kindly requests that the Examiner telephone the attorney of record in the event a telephone discussion would be helpful.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Gayle A. Bush", written in a cursive style.
